

To all New & Past SUVA Members,

Hope you are all well and are excited for club season to get started again. Many of you may have already received an email from the region office stating that you must register your child with USA volleyball before try-outs. The email was a bit unclear, so I am sending instructions on how to register your child before you arrive at try-outs. USA volleyball has mandated the use of a new program that puts more responsibility on parents and takes the work load off of club directors. I talked with the region office last week and they feel this will help parents be better informed and more involved with the club system. Using this program is not an option; it is a requirement sent from our region and USA volleyball. Please read and follow the instructions below on how to register if you plan on coming to try-outs this year. Our flyer says to print the forms and bring them with you to try-outs. We would still like you to do this so that we have a hard copy of all of your information. Once you register, your child is considered current and we can immediately add your child to the appropriate team roster within our club. Here are instructions on how to register:

- 1.) Go to the IVA website, which is www.imvolleyball.org click on membership (which is on the left side of the screen)
- 2.) Click on Renew Adult/Junior Membership if you played last year, click on New Member if this is your first year.
- 3.) Fill in the name of the person you are registering, an email you can be reached at, and the birthdate of the person you are registering.
- 4.) It will then tell you to check your email for your username and password. Once you have that info, go back and login (it allows you to change your password to something you prefer)
- 5.) You are ready to register. Click on apply for membership at the top of the screen.
- 6.) Fill in the information for the person that is being registered. Hit continue.
- 7.) The next screen will show you the information you have entered. Check to make sure it is right and you need to enter a club. Our club is listed as Southern Utah Volleyball Academy.
- 8.) It will show you what it costs you to register and at the bottom of the screen you will have to check the boxes for the Release Waiver & Participation Code of Conduct. In addition you will have to enter a valid Drivers License or state ID number.

Your membership has now been submitted and it will give you the option to pay on-line or send a check. I encourage you to pay on-line because there is an additional fee if you mail it in (as you will read). We will not be able to add you to a roster within our club until you have paid the membership fee. In the past, this has been included in your sign-up fee. So that cost will no longer be included in your initial sign-up fee. You will have to wait a few days to print your card that says you are paid in full. Please have this completed before arrival to try-outs. If you know of anyone that is planning on playing for our program that has not played in the past, please feel free to pass this information along so they will have the opportunity to get it done before try-outs. All of our try-out information is on our web-site at www.southernutahvolleyball.com We will hand flyers out as soon as we get approved by the region.

Your cooperation would be greatly appreciated. Thank You for all of your support and we look forward to another great season. If you have any questions please feel free to email me or call me anytime.

Sincerely,
Darice Pratt
